PARTY WITH A PURPOSE

This isn't just any party. It's a party with a purpose.

As we gather with friends, we also gather as a community to inspire and create lasting solutions to poverty, hunger, mentorship, education and more in the Paso Robles Wine Region.

The beneficiary, must! charities, manages social giving through an investment-minded approach. We invest in the most critical social needs in our community, vet organizations that are serving those needs, then invest in their infrastructure so they are well positioned to create positive, measurable change for years to come.

NEXT GEN + THEIR MUSE

At one point in a winemaker's career someone paved the way before them, lent a hand (or a cellar) and inspired them to be where they are today. You can only imagine which wines and winemakers inspired our up-and-coming rising star winemakers. In this lot you will not only get a bottle of each rising star's favorite wines from their personal labels but also a bottle that inspired that wine and their winemaking, along with the story behind each. Look closely, and you will find a 1997 Mourvèdre from James Berry Vineyard, and yes, that is before there was a Saxum. This one-of-a-kind lot embraces decades of California winemaking and sets the stage for future 100-point wines.

PADDLE RAISE

BOYS & GIRLS CLUB: A PLACE TO FEEL SAFE. A PLACE TO BELONG.

“To enable all young people, especially those who need us most, to reach their full potential as productive, caring, responsible citizens.”

Every day, over 11 million kids leave school with no supervised place to go. Paso Robles is no different.

In 2012, more than 4,000 youth in the Paso Robles wine region were identified as not having a safe place to go afterschool. That year, must! charities launched our first community project, ensuring our local Boys & Girls Club kept their doors from closing. With financial resources, board development, leadership development and a strategized regional merger, we celebrate the achievements of our local club.

Today that single club that was serving 100 youth has expanded to 13 sites across San Luis Obispo and Northern Santa Barbara counties.

But we aren't done yet.

We have the opportunity to raise the remaining funds needed to open doors on a brand-new \$3.2M state of the art club site in Paso Robles – where 250 deserving youth will have a place to go after school and during the summer months.

A place to feel safe. A place to feel connected. A place to belong.

A PLACE FOR KIDS LIKE DIEGO.

Diego comes from a hard farm working family. The club provides homework help, afterschool snacks, and bridges a language barrier between Diego's parents and teachers. Diego wants to be a news broadcaster someday, but for now his favorite thing is being with friends and laughing. He says he learned about boundaries and how to respect them at the Boys and Girls (and, promise...those are his words, not ours!).

We believe every kid, like Diego, deserves the opportunity to reach their full potential. Let's raise our paddles and give 250 more youth the opportunity that Diego has been given.

STARTING BID: \$100,000

In the event project funds exceed the commitment, funding will be directed to support other community projects.

Today, award-winning Epoch Estate Wines welcomes you and three friends for a weekend retreat at their Vineyard Suites and a tasting experience in the beautifully preserved York Mountain Winery that now serves as Epoch's tasting room.
